...with a large full colour poster

With the Early Childhood Community Development Centre's **PosterPrint** service, you can produce exciting visuals at a fraction of the price you would pay anywhere else.

Here is how it works... Just email us your digital picture (set your camera to the highest resolution) or bring in an electronic file. Pick the kind of paper or vinyl you want and decide on the size you would like your final product to be. Then, let us do the rest. Most **PosterPrint** orders can be ready for pick-up within two business days.
